**LETTER OF DEFICIENCY  
WET 06-045**

May 11, 2006

Jane McMaster

Dover, NH 03820

**RE: DES Wetlands Bureau Complaint File #2005-2071, 55 Boston Harbor Road, Dover  
Tax Map 7 / Lot 19B**

Dear Ms. McMaster:

As you are aware, on January 26, 2006 personnel from the Department of Environmental Services ("DES") conducted an inspection of the above referenced property, more specifically referenced on the City of Dover Tax Map 7 as Lot 19B (the "Property"). The purpose of the inspection was to determine compliance of the dock with RSA 482-A, the New Hampshire Wetlands Law, and NH Code of Administrative Rules Wt 100-800.

It has been determined that the current dock configuration does not comply with what is approved by DES under Wetlands Permit# D-978. The current dock configuration consists of a 20 ft. x 4 ft. permanent pier to a 12 ft. x 3 ft. ramp to two floats measuring 6 ft. x 9 ft. and 12 ft. x 6 ft. Enclosed is a copy of the approved wetlands permit and approved configuration of the dock. The approved dock configuration consists of a 20 ft. x 4 ft. permanent pier to a ramp to an 8 ft. x 4 ft. float.

In response, you are requested to take the following actions:

1. **By June 11, 2006**, please respond in writing to DES of how you will come into compliance with the approved Wetlands Permit# D-978.
2. **By July 11, 2006**, please provide photographic documentation that demonstrates that you are in compliance with the approved Wetlands Permit# D-978.

RSA 482-A, the New Hampshire Wetlands law, was enacted to protect and preserve wetlands and surface waters from unregulated despoliation. Prior to dredging, filling, or construction in and adjacent to wetlands or surface waters, an individual is required to obtain a permit. If work is done without a permit, this is considered a violation of RSA 482-A. Failure to respond to this Letter of Deficiency in a timely and complete manner may be construed as noncompliance by the receiving party.

DES personnel may conduct another inspection at a later date to determine whether you have come into and are maintaining full compliance with the applicable statute and rules.

**NHDES Wetlands Complaint File# 2005-2071**

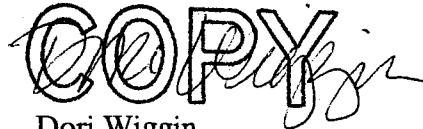

Issuance of this letter shall not preclude further enforcement by DES. Failure to comply with RSA 482-A will result in enforcement by DES, including but not limited to the issuance of fines, administrative orders, or referral to the New Hampshire Office of the Attorney General for prosecution of civil or criminal penalties. If an order is issued to you, it may also be recorded with the Registry of Deeds as an encumbrance against your property.

All documents submitted in response to this Letter of Deficiency should be addressed as follows:
